 - b. Second: Steve
 - c. Motion passed
3. Discussion:
 - a. Legislation Update
 - b. Empower and Collaborate Strategic Plan Update
 - i. Contractor, Agenda, provided PPT Presentation
 - ii. Questions from SETF:
 1. Steve Vierck comments: There were a lot of recommendations in 2021 plan, some concerns around priorities around what most important.

 Agenda: Broadening community engagement – trade associations, renewable energy solar groups, labor force attributes that are missing, they would know. The economic developers. NMEDD NMIDEA, chambers. Looking at sustainable aspects of the economy. Particularly sustainable segments are changing fast, if you could identify given industry changes, what specific opportunities and challenges doe this present for NM. I like the workforce and needed skill sets approach.
 2. AnnaLinden comments: communication and connectivity between implementation, which has been lacking in previous iterations. Might be useful to as you look at recommendations from '21 plan and SEAC, to draw lines back to where stakeholders are asking and where the state is trying to give and where the gaps are, drawing connecting back to state agencies

4. Public Comments:
 - a. Shani looking to host a potential joint meeting to get back to basics review expectations for April, 2023
 - b. SET Chair looking to host a potential joint meeting to review initial legislative tasks and deliverables for April, 2023
